

# CVE-2001-0045

[MITRE](#)[NVD](#)[CVE.ORG](#)[JSON API](#)[Print: PDF](#)

## Summary

|                        |                                                                                                                           |
|------------------------|---------------------------------------------------------------------------------------------------------------------------|
| <b>CVE</b>             | CVE-2001-0045                                                                                                             |
| <b>State</b>           | PUBLIC                                                                                                                    |
| <b>Assigner</b>        | cve@mitre.org                                                                                                             |
| <b>Source Priority</b> | CVE Program / NVD first with legacy fallback                                                                              |
| <b>Published</b>       | 2001-02-16 05:00:00 UTC                                                                                                   |
| <b>Updated</b>         | 2018-10-12 21:30:00 UTC                                                                                                   |
| <b>Description</b>     | The default permissions for the RAS Administration key in Windows NT 4.0 allows local users to execute arbitrary commands |

## Risk And Classification

**Problem Types:** NVD-CWE-Other

## NVD Known Affected Configurations (CPE 2.3)

| Type             | Vendor                    | Product                    | Version         | Update | Edition | Language |
|------------------|---------------------------|----------------------------|-----------------|--------|---------|----------|
| Operating System | <a href="#">Microsoft</a> | <a href="#">Windows Nt</a> | 4.0             | All    | All     | All      |
| Operating System | <a href="#">Microsoft</a> | <a href="#">Windows Nt</a> | terminal_server | All    | All     | All      |
| Operating System | <a href="#">Microsoft</a> | <a href="#">Windows Nt</a> | 4.0             | All    | All     | All      |
| Operating System | <a href="#">Microsoft</a> | <a href="#">Windows Nt</a> | terminal_server | All    | All     | All      |
