

# CVE-2006-4537

[MITRE](#)[NVD](#)[CVE.ORG](#)[JSON API](#)[Print: PDF](#)

## Summary

|                        |                                                                                                                |
|------------------------|----------------------------------------------------------------------------------------------------------------|
| <b>CVE</b>             | CVE-2006-4537                                                                                                  |
| <b>State</b>           | PUBLIC                                                                                                         |
| <b>Assigner</b>        | cve@mitre.org                                                                                                  |
| <b>Source Priority</b> | CVE Program / NVD first with legacy fallback                                                                   |
| <b>Published</b>       | 2006-09-05 18:04:00 UTC                                                                                        |
| <b>Updated</b>         | 2017-07-20 01:33:00 UTC                                                                                        |
| <b>Description</b>     | NET\$SESSION_CONTROL.EXE in DECnet-Plus in OpenVMS ALPHA 7.3-2 and Alpha 8.2 writes a password to an audit log |

## Risk And Classification

### Problem Types: CWE-200

## NVD Known Affected Configurations (CPE 2.3)

| Type        | Vendor              | Product                           | Version | Update | Edition | Language |
|-------------|---------------------|-----------------------------------|---------|--------|---------|----------|
| Application | <a href="#">Dec</a> | <a href="#">Dec Openvms Alpha</a> | 7.3.2   | All    | All     | All      |
| Application | <a href="#">Dec</a> | <a href="#">Dec Openvms Alpha</a> | 8.2     | All    | All     | All      |
| Application | <a href="#">Dec</a> | <a href="#">Dec Openvms Alpha</a> | 7.3.2   | All    | All     | All      |
| Application | <a href="#">Dec</a> | <a href="#">Dec Openvms Alpha</a> | 8.2     | All    | All     | All      |
