

# CVE-2007-0416

[MITRE](#)[NVD](#)[CVE.ORG](#)[JSON API](#)[Print: PDF](#)

## Summary

|                        |                                                                                                                       |
|------------------------|-----------------------------------------------------------------------------------------------------------------------|
| <b>CVE</b>             | CVE-2007-0416                                                                                                         |
| <b>State</b>           | PUBLIC                                                                                                                |
| <b>Assigner</b>        | cve@mitre.org                                                                                                         |
| <b>Source Priority</b> | CVE Program / NVD first with legacy fallback                                                                          |
| <b>Published</b>       | 2007-01-23 00:28:00 UTC                                                                                               |
| <b>Updated</b>         | 2011-03-08 02:49:00 UTC                                                                                               |
| <b>Description</b>     | The WSEE runtime (WS-Security runtime) in BEA WebLogic Server 9.0 and 9.1 does not verify credentials when decrypting |

## Risk And Classification

**Problem Types:** NVD-CWE-Other

## NVD Known Affected Configurations (CPE 2.3)

| Type        | Vendor              | Product                         | Version | Update | Edition | Language |
|-------------|---------------------|---------------------------------|---------|--------|---------|----------|
| Application | <a href="#">Bea</a> | <a href="#">Weblogic Server</a> | 9.0     | All    | All     | All      |
| Application | <a href="#">Bea</a> | <a href="#">Weblogic Server</a> | 9.1     | All    | All     | All      |
| Application | <a href="#">Bea</a> | <a href="#">Weblogic Server</a> | 9.0     | All    | All     | All      |
| Application | <a href="#">Bea</a> | <a href="#">Weblogic Server</a> | 9.1     | All    | All     | All      |
