

# CVE-2007-4983

[MITRE](#)[NVD](#)[CVE.ORG](#)[JSON API](#)[Print: PDF](#)

## Summary

|                        |                                                                                                                                      |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------|
| <b>CVE</b>             | CVE-2007-4983                                                                                                                        |
| <b>State</b>           | PUBLIC                                                                                                                               |
| <b>Assigner</b>        | cve@mitre.org                                                                                                                        |
| <b>Source Priority</b> | CVE Program / NVD first with legacy fallback                                                                                         |
| <b>Published</b>       | 2007-09-19 19:17:00 UTC                                                                                                              |
| <b>Updated</b>         | 2017-09-29 01:29:00 UTC                                                                                                              |
| <b>Description</b>     | Directory traversal vulnerability in the JetAudio.Interface.1 ActiveX control in JetFIExt.dll in jetAudio 7.0.3 Basic and 7.0.3.3016 |

## Risk And Classification

### Problem Types: CWE-22

## NVD Known Affected Configurations (CPE 2.3)

| Type        | Vendor                        | Product                  | Version     | Update | Edition | Language |
|-------------|-------------------------------|--------------------------|-------------|--------|---------|----------|
| Application | <a href="#">Cowon America</a> | <a href="#">Jetaudio</a> | 7.0.3.3016  | All    | All     | All      |
| Application | <a href="#">Cowon America</a> | <a href="#">Jetaudio</a> | 7.0.3_basic | All    | All     | All      |
| Application | <a href="#">Cowon America</a> | <a href="#">Jetaudio</a> | 7.0.3.3016  | All    | All     | All      |
| Application | <a href="#">Cowon America</a> | <a href="#">Jetaudio</a> | 7.0.3_basic | All    | All     | All      |
