

# CVE-2007-5100

[MITRE](#)[NVD](#)[CVE.ORG](#)[JSON API](#)[Print: PDF](#)

## Summary

|                        |                                                                                                                            |
|------------------------|----------------------------------------------------------------------------------------------------------------------------|
| <b>CVE</b>             | CVE-2007-5100                                                                                                              |
| <b>State</b>           | PUBLIC                                                                                                                     |
| <b>Assigner</b>        | cve@mitre.org                                                                                                              |
| <b>Source Priority</b> | CVE Program / NVD first with legacy fallback                                                                               |
| <b>Published</b>       | 2007-09-26 22:17:00 UTC                                                                                                    |
| <b>Updated</b>         | 2011-03-08 03:00:00 UTC                                                                                                    |
| <b>Description</b>     | Multiple PHP remote file inclusion vulnerabilities in phpBB Plus 1.53, and 1.53a before 20070922, when register_globals is |

## Risk And Classification

### Problem Types: CWE-94

## NVD Known Affected Configurations (CPE 2.3)

| Type        | Vendor                | Product                    | Version | Update | Edition | Language |
|-------------|-----------------------|----------------------------|---------|--------|---------|----------|
| Application | <a href="#">Phpbb</a> | <a href="#">Phpbb Plus</a> | 1.53    | All    | All     | All      |
| Application | <a href="#">Phpbb</a> | <a href="#">Phpbb Plus</a> | 1.53    | All    | All     | All      |
| Application | <a href="#">Phpbb</a> | <a href="#">Phpbb Plus</a> | All     | All    | All     | All      |
