

# CVE-2008-4093

[MITRE](#)[NVD](#)[CVE.ORG](#)[JSON API](#)[Print: PDF](#)

## Summary

|                        |                                                                                                                         |
|------------------------|-------------------------------------------------------------------------------------------------------------------------|
| <b>CVE</b>             | CVE-2008-4093                                                                                                           |
| <b>State</b>           | PUBLIC                                                                                                                  |
| <b>Assigner</b>        | cve@mitre.org                                                                                                           |
| <b>Source Priority</b> | CVE Program / NVD first with legacy fallback                                                                            |
| <b>Published</b>       | 2008-09-15 17:12:00 UTC                                                                                                 |
| <b>Updated</b>         | 2017-09-29 01:31:00 UTC                                                                                                 |
| <b>Description</b>     | SQL injection vulnerability in memberstats.php in YourOwnBux 3.1 and 3.2 beta, when magic_quotes_gpc is disabled, allow |

## Risk And Classification

### Problem Types: CWE-89

## NVD Known Affected Configurations (CPE 2.3)

| Type        | Vendor                     | Product                    | Version | Update | Edition | Language |
|-------------|----------------------------|----------------------------|---------|--------|---------|----------|
| Application | <a href="#">Yourownbux</a> | <a href="#">Yourownbux</a> | 3.1     | All    | All     | All      |
| Application | <a href="#">Yourownbux</a> | <a href="#">Yourownbux</a> | 3.2     | beta   | All     | All      |
| Application | <a href="#">Yourownbux</a> | <a href="#">Yourownbux</a> | 3.1     | All    | All     | All      |
| Application | <a href="#">Yourownbux</a> | <a href="#">Yourownbux</a> | 3.2     | beta   | All     | All      |
