

# CVE-2010-2022

[MITRE](#)[NVD](#)[CVE.ORG](#)[JSON API](#)[Print: PDF](#)

## Summary

|                        |                                                                                                                                |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------|
| <b>CVE</b>             | CVE-2010-2022                                                                                                                  |
| <b>State</b>           | PUBLIC                                                                                                                         |
| <b>Assigner</b>        | cve@mitre.org                                                                                                                  |
| <b>Source Priority</b> | CVE Program / NVD first with legacy fallback                                                                                   |
| <b>Published</b>       | 2010-05-28 18:30:00 UTC                                                                                                        |
| <b>Updated</b>         | 2010-06-01 04:00:00 UTC                                                                                                        |
| <b>Description</b>     | jail.c in jail in FreeBSD 8.0 and 8.1-PRERELEASE, when the "-I -U root" options are omitted, does not properly restrict access |

## Risk And Classification

**Problem Types:** CWE-264

## NVD Known Affected Configurations (CPE 2.3)

| Type             | Vendor                  | Product                 | Version        | Update | Edition | Language |
|------------------|-------------------------|-------------------------|----------------|--------|---------|----------|
| Operating System | <a href="#">Freebsd</a> | <a href="#">Freebsd</a> | 8.0            | All    | All     | All      |
| Operating System | <a href="#">Freebsd</a> | <a href="#">Freebsd</a> | 8.1-prerelease | All    | All     | All      |
| Operating System | <a href="#">Freebsd</a> | <a href="#">Freebsd</a> | 8.0            | All    | All     | All      |
| Operating System | <a href="#">Freebsd</a> | <a href="#">Freebsd</a> | 8.1-prerelease | All    | All     | All      |
