

# CVE-2011-3087

[MITRE](#)[NVD](#)[CVE.ORG](#)[JSON API](#)[Print: PDF](#)

## Summary

|                        |                                                                                                                                        |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------|
| <b>CVE</b>             | CVE-2011-3087                                                                                                                          |
| <b>State</b>           | PUBLIC                                                                                                                                 |
| <b>Assigner</b>        | cve@mitre.org                                                                                                                          |
| <b>Source Priority</b> | CVE Program / NVD first with legacy fallback                                                                                           |
| <b>Published</b>       | 2012-05-16 00:55:00 UTC                                                                                                                |
| <b>Updated</b>         | 2017-12-29 02:29:00 UTC                                                                                                                |
| <b>Description</b>     | Google Chrome before 19.0.1084.46 does not properly perform window navigation, which has unspecified impact and remote code execution. |

## Risk And Classification

**Problem Types:** NVD-CWE-Other

## NVD Known Affected Configurations (CPE 2.3)

| Type        | Vendor                 | Product                | Version      | Update | Edition | Language |
|-------------|------------------------|------------------------|--------------|--------|---------|----------|
| Application | <a href="#">Google</a> | <a href="#">Chrome</a> | 19.0.1084.45 | All    | All     | All      |
| Application | <a href="#">Google</a> | <a href="#">Chrome</a> | 19.0.1084.45 | All    | All     | All      |
