

# CVE-2012-0800

[MITRE](#)[NVD](#)[CVE.ORG](#)[JSON API](#)[Print: PDF](#)

## Summary

|                        |                                                                                                                              |
|------------------------|------------------------------------------------------------------------------------------------------------------------------|
| <b>CVE</b>             | CVE-2012-0800                                                                                                                |
| <b>State</b>           | PUBLIC                                                                                                                       |
| <b>Assigner</b>        | secalert@redhat.com                                                                                                          |
| <b>Source Priority</b> | CVE Program / NVD first with legacy fallback                                                                                 |
| <b>Published</b>       | 2012-07-17 10:20:00 UTC                                                                                                      |
| <b>Updated</b>         | 2023-02-13 03:25:00 UTC                                                                                                      |
| <b>Description</b>     | The form-autocompletion functionality in Moodle 2.0.x before 2.0.7, 2.1.x before 2.1.4, and 2.2.x before 2.2.1 makes it easy |

## Risk And Classification

### Problem Types: CWE-200

## NVD Known Affected Configurations (CPE 2.3)

| Type        | Vendor                 | Product                | Version | Update | Edition | Language |
|-------------|------------------------|------------------------|---------|--------|---------|----------|
| Application | <a href="#">Moodle</a> | <a href="#">Moodle</a> | 2.0.0   | All    | All     | All      |
| Application | <a href="#">Moodle</a> | <a href="#">Moodle</a> | 2.0.1   | All    | All     | All      |
| Application | <a href="#">Moodle</a> | <a href="#">Moodle</a> | 2.0.2   | All    | All     | All      |
