

# CVE-2013-5427

[MITRE](#)[NVD](#)[CVE.ORG](#)[JSON API](#)[Print: PDF](#)

## Summary

|                        |                                                                                                                          |
|------------------------|--------------------------------------------------------------------------------------------------------------------------|
| <b>CVE</b>             | CVE-2013-5427                                                                                                            |
| <b>State</b>           | PUBLIC                                                                                                                   |
| <b>Assigner</b>        | psirt@us.ibm.com                                                                                                         |
| <b>Source Priority</b> | CVE Program / NVD first with legacy fallback                                                                             |
| <b>Published</b>       | 2014-02-04 05:39:00 UTC                                                                                                  |
| <b>Updated</b>         | 2017-08-29 01:33:00 UTC                                                                                                  |
| <b>Description</b>     | Cross-site request forgery (CSRF) vulnerability in IBM InfoSphere Master Data Management - Collaborative Edition 10.x be |

## Risk And Classification

### Problem Types: CWE-352

## NVD Known Affected Configurations (CPE 2.3)

| Type        | Vendor | Product                                                                     | Version | Update | Edition | Language |
|-------------|--------|-----------------------------------------------------------------------------|---------|--------|---------|----------|
| Application | ibm    | Infosphere Master Data Management Collaboration Server                      | 10.0    | All    | All     | Any      |
| Application | ibm    | Infosphere Master Data Management Collaboration Server                      | 10.1    | All    | All     | Any      |
| Application | ibm    | Infosphere Master Data Management Collaboration Server                      | 11.0    | All    | All     | Any      |
| Application | ibm    | Infosphere Master Data Management Collaboration Server                      | 10.0    | All    | All     | Any      |
| Application | ibm    | Infosphere Master Data Management Collaboration Server                      | 10.1    | All    | All     | Any      |
| Application | ibm    | Infosphere Master Data Management Collaboration Server                      | 11.0    | All    | All     | Any      |
| Application | ibm    | Infosphere Master Data Management Server For Product Information Management | 9.0     | All    | All     | Any      |
| Application | ibm    | Infosphere Master Data Management Server For Product Information Management | 9.1     | All    | All     | Any      |
| Application | ibm    | Infosphere Master Data Management Server For Product Information Management | 9.0     | All    | All     | Any      |
| Application | ibm    | Infosphere Master Data Management Server For Product Information Management | 9.1     | All    | All     | Any      |
