

# CVE-2014-6433

[MITRE](#)[NVD](#)[CVE.ORG](#)[JSON API](#)[Print: PDF](#)

## Summary

|                        |                                                                                                                              |
|------------------------|------------------------------------------------------------------------------------------------------------------------------|
| <b>CVE</b>             | CVE-2014-6433                                                                                                                |
| <b>State</b>           | PUBLIC                                                                                                                       |
| <b>Assigner</b>        | cve@mitre.org                                                                                                                |
| <b>Source Priority</b> | CVE Program / NVD first with legacy fallback                                                                                 |
| <b>Published</b>       | 2014-10-07 14:55:00 UTC                                                                                                      |
| <b>Updated</b>         | 2014-10-08 15:00:00 UTC                                                                                                      |
| <b>Description</b>     | gpExec in GoPro HERO 3+ allows remote attackers to execute arbitrary files via a the (1) a1 or (2) a2 parameter in a start a |

## Risk And Classification

### Problem Types: CWE-94

## NVD Known Affected Configurations (CPE 2.3)

| Type             | Vendor                | Product                             | Version | Update | Edition | Language |
|------------------|-----------------------|-------------------------------------|---------|--------|---------|----------|
| Hardware         | <a href="#">Gopro</a> | <a href="#">Gopro Hero</a>          | 3+      | All    | All     | All      |
| Hardware         | <a href="#">Gopro</a> | <a href="#">Gopro Hero</a>          | 3\+     | All    | All     | All      |
| Hardware         | <a href="#">Gopro</a> | <a href="#">Gopro Hero</a>          | 3\+     | All    | All     | All      |
| Operating System | <a href="#">Gopro</a> | <a href="#">Gopro Hero Firmware</a> | 3+      | All    | All     | All      |
| Operating System | <a href="#">Gopro</a> | <a href="#">Gopro Hero Firmware</a> | 3\+     | All    | All     | All      |
| Operating System | <a href="#">Gopro</a> | <a href="#">Gopro Hero Firmware</a> | 3\+     | All    | All     | All      |
