

# CVE-2015-1275

[MITRE](#)[NVD](#)[CVE.ORG](#)[JSON API](#)[Print: PDF](#)

## Summary

|                        |                                                                                                                            |
|------------------------|----------------------------------------------------------------------------------------------------------------------------|
| <b>CVE</b>             | CVE-2015-1275                                                                                                              |
| <b>State</b>           | PUBLIC                                                                                                                     |
| <b>Assigner</b>        | security@google.com                                                                                                        |
| <b>Source Priority</b> | CVE Program / NVD first with legacy fallback                                                                               |
| <b>Published</b>       | 2015-07-23 00:59:00 UTC                                                                                                    |
| <b>Updated</b>         | 2023-11-07 02:24:00 UTC                                                                                                    |
| <b>Description</b>     | Cross-site scripting (XSS) vulnerability in org/chromium/chrome/browser/UrlUtilities.java in Google Chrome before 44.0.240 |

## Risk And Classification

### Problem Types: CWE-79

## NVD Known Affected Configurations (CPE 2.3)

| Type             | Vendor                   | Product                  | Version | Update | Edition | Language |
|------------------|--------------------------|--------------------------|---------|--------|---------|----------|
| Operating System | <a href="#">Google</a>   | <a href="#">Android</a>  | All     | All    | All     | All      |
| Operating System | <a href="#">Google</a>   | <a href="#">Android</a>  | All     | All    | All     | All      |
| Application      | <a href="#">Google</a>   | <a href="#">Chrome</a>   | All     | All    | All     | All      |
| Operating System | <a href="#">Opensuse</a> | <a href="#">Opensuse</a> | 13.1    | All    | All     | All      |
| Operating System | <a href="#">Opensuse</a> | <a href="#">Opensuse</a> | 13.2    | All    | All     | All      |
| Operating System | <a href="#">Opensuse</a> | <a href="#">Opensuse</a> | 13.1    | All    | All     | All      |
| Operating System | <a href="#">Opensuse</a> | <a href="#">Opensuse</a> | 13.2    | All    | All     | All      |
