

# CVE-2015-4387

[MITRE](#)[NVD](#)[CVE.ORG](#)[JSON API](#)[Print: PDF](#)

## Summary

|                        |                                                                                                                                     |
|------------------------|-------------------------------------------------------------------------------------------------------------------------------------|
| <b>CVE</b>             | CVE-2015-4387                                                                                                                       |
| <b>State</b>           | PUBLIC                                                                                                                              |
| <b>Assigner</b>        | cve@mitre.org                                                                                                                       |
| <b>Source Priority</b> | CVE Program / NVD first with legacy fallback                                                                                        |
| <b>Published</b>       | 2015-06-15 14:59:00 UTC                                                                                                             |
| <b>Updated</b>         | 2015-06-26 16:01:00 UTC                                                                                                             |
| <b>Description</b>     | Cross-site scripting (XSS) vulnerability in unspecified administration pages in the Password Policy module 6.x-1.x before 6.x-1.10. |

## Risk And Classification

### Problem Types: CWE-79

## NVD Known Affected Configurations (CPE 2.3)

| Type        | Vendor                                  | Product                         | Version  | Update | Edition | Language |
|-------------|-----------------------------------------|---------------------------------|----------|--------|---------|----------|
| Application | <a href="#">Password Policy Project</a> | <a href="#">Password Policy</a> | 6.x-1.0  | All    | All     | All      |
| Application | <a href="#">Password Policy Project</a> | <a href="#">Password Policy</a> | 6.x-1.1  | All    | All     | All      |
