

# CVE-2016-5951

[MITRE](#)[NVD](#)[CVE.ORG](#)[JSON API](#)[Print: PDF](#)

## Summary

|                        |                                                                                                                            |
|------------------------|----------------------------------------------------------------------------------------------------------------------------|
| <b>CVE</b>             | CVE-2016-5951                                                                                                              |
| <b>State</b>           | PUBLIC                                                                                                                     |
| <b>Assigner</b>        | psirt@us.ibm.com                                                                                                           |
| <b>Source Priority</b> | CVE Program / NVD first with legacy fallback                                                                               |
| <b>Published</b>       | 2017-02-01 20:59:00 UTC                                                                                                    |
| <b>Updated</b>         | 2017-02-08 18:51:00 UTC                                                                                                    |
| <b>Description</b>     | IBM Kenexa LCMS Premier on Cloud is vulnerable to cross-site scripting. This vulnerability allows users to embed arbitrary |

## Risk And Classification

### Problem Types: CWE-79

## NVD Known Affected Configurations (CPE 2.3)

| Type        | Vendor | Product             | Version | Update | Edition | Language |
|-------------|--------|---------------------|---------|--------|---------|----------|
| Application | IBM    | Kenexa Lcms Premier | 10.0    | All    | All     | All      |
| Application | IBM    | Kenexa Lcms Premier | 10.1    | All    | All     | All      |
| Application | IBM    | Kenexa Lcms Premier | 10.2    | All    | All     | All      |
| Application | IBM    | Kenexa Lcms Premier | 9.1     | All    | All     | All      |
| Application | IBM    | Kenexa Lcms Premier | 9.2     | All    | All     | All      |
| Application | IBM    | Kenexa Lcms Premier | 9.3     | All    | All     | All      |
| Application | IBM    | Kenexa Lcms Premier | 9.4     | All    | All     | All      |
| Application | IBM    | Kenexa Lcms Premier | 9.5     | All    | All     | All      |
| Application | IBM    | Kenexa Lcms Premier | 10.0    | All    | All     | All      |
| Application | IBM    | Kenexa Lcms Premier | 10.1    | All    | All     | All      |
| Application | IBM    | Kenexa Lcms Premier | 10.2    | All    | All     | All      |
| Application | IBM    | Kenexa Lcms Premier | 9.1     | All    | All     | All      |
| Application | IBM    | Kenexa Lcms Premier | 9.2     | All    | All     | All      |
| Application | IBM    | Kenexa Lcms Premier | 9.3     | All    | All     | All      |
| Application | IBM    | Kenexa Lcms Premier | 9.4     | All    | All     | All      |
| Application | IBM    | Kenexa Lcms Premier | 9.5     | All    | All     | All      |
