

# CVE-2017-10724

[MITRE](#)[NVD](#)[CVE.ORG](#)[JSON API](#)[Print: PDF](#)

## Summary

|                        |                                                                                                                           |
|------------------------|---------------------------------------------------------------------------------------------------------------------------|
| <b>CVE</b>             | CVE-2017-10724                                                                                                            |
| <b>State</b>           | PUBLIC                                                                                                                    |
| <b>Assigner</b>        | cve@mitre.org                                                                                                             |
| <b>Source Priority</b> | CVE Program / NVD first with legacy fallback                                                                              |
| <b>Published</b>       | 2019-06-17 22:15:00 UTC                                                                                                   |
| <b>Updated</b>         | 2019-06-20 18:50:00 UTC                                                                                                   |
| <b>Description</b>     | Recently it was discovered as a part of the research on IoT devices in the most recent firmware for Shekar Endoscope that |

## Risk And Classification

**Problem Types:** CWE-119

## NVD Known Affected Configurations (CPE 2.3)

| Type             | Vendor  | Product                   | Version | Update | Edition | Language |
|------------------|---------|---------------------------|---------|--------|---------|----------|
| Hardware         | Ishekar | Endoscope Camera          | -       | All    | All     | All      |
| Hardware         | Ishekar | Endoscope Camera          | -       | All    | All     | All      |
| Operating System | Ishekar | Endoscope Camera Firmware | All     | All    | All     | All      |
| Operating System | Ishekar | Endoscope Camera Firmware | All     | All    | All     | All      |
