

# CVE-2017-10834

[MITRE](#)[NVD](#)[CVE.ORG](#)[JSON API](#)[Print: PDF](#)

## Summary

|                        |                                                                                                                            |
|------------------------|----------------------------------------------------------------------------------------------------------------------------|
| <b>CVE</b>             | CVE-2017-10834                                                                                                             |
| <b>State</b>           | PUBLIC                                                                                                                     |
| <b>Assigner</b>        | vultures@jpcert.or.jp                                                                                                      |
| <b>Source Priority</b> | CVE Program / NVD first with legacy fallback                                                                               |
| <b>Published</b>       | 2017-08-29 01:35:00 UTC                                                                                                    |
| <b>Updated</b>         | 2017-08-31 16:55:00 UTC                                                                                                    |
| <b>Description</b>     | Directory traversal vulnerability in "Dokodemo eye Smart HD" SCR02HD Firmware 1.0.3.1000 and earlier allows authentication |

## Risk And Classification

### Problem Types: CWE-22

## NVD Known Affected Configurations (CPE 2.3)

| Type             | Vendor                         | Product                          | Version | Update | Edition | Language |
|------------------|--------------------------------|----------------------------------|---------|--------|---------|----------|
| Hardware         | <a href="#">Nippon-antenna</a> | <a href="#">Scr02hd</a>          | -       | All    | All     | All      |
| Hardware         | <a href="#">Nippon-antenna</a> | <a href="#">Scr02hd</a>          | -       | All    | All     | All      |
| Operating System | <a href="#">Nippon-antenna</a> | <a href="#">Scr02hd Firmware</a> | All     | All    | All     | All      |
