

CVE-2018-7960

[MITRE](#)[NVD](#)[CVE.ORG](#)[Print: PDF](#)

Summary

| | |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| CVE | CVE-2018-7960 |
| State | PUBLIC |
| Assigner | psirt@huawei.com |
| Source Priority | CVE Program / NVD first with legacy fallback |
| Published | 2018-11-27 22:29:00 UTC |
| Updated | 2019-10-03 00:03:00 UTC |
| Description | There is a SRTP icon display vulnerability in Huawei eSpace product. An unauthenticated, remote attacker launches man-in-the-middle attack on SRTP icon display. The attacker can capture and modify the SRTP icon display data. The attacker can also launch a denial of service attack on the SRTP icon display. The attacker can also launch a denial of service attack on the SRTP icon display. The attacker can also launch a denial of service attack on the SRTP icon display. |

Risk And Classification

Problem Types: CWE-319

NVD Known Affected Configurations (CPE 2.3)

| Type | Vendor | Product | Version | Update | Edition | Language |
|------------------|--------|----------------------|-------------|--------|---------|----------|
| Hardware | Huawei | Espace 7950 | - | All | All | All |
| Hardware | Huawei | Espace 7950 | - | All | All | All |
| Operating System | Huawei | Espace 7950 Firmware | v200r003c30 | All | All | All |
| Operating System | Huawei | Espace 7950 Firmware | v200r003c30 | All | All | All |
