

# CVE-2019-4467

[MITRE](#)[NVD](#)[CVE.ORG](#)[JSON API](#)[Print: PDF](#)

## Summary

|                        |                                                                                                                               |
|------------------------|-------------------------------------------------------------------------------------------------------------------------------|
| <b>CVE</b>             | CVE-2019-4467                                                                                                                 |
| <b>State</b>           | PUBLIC                                                                                                                        |
| <b>Assigner</b>        | psirt@us.ibm.com                                                                                                              |
| <b>Source Priority</b> | CVE Program / NVD first with legacy fallback                                                                                  |
| <b>Published</b>       | 2019-12-03 15:15:00 UTC                                                                                                       |
| <b>Updated</b>         | 2019-12-09 19:20:00 UTC                                                                                                       |
| <b>Description</b>     | IBM Cloud Pak System 2.3 and 2.3.0.1 is vulnerable to cross-site scripting. This vulnerability allows users to embed arbitrar |

## Risk And Classification

### Problem Types: CWE-79

## NVD Known Affected Configurations (CPE 2.3)

| Type        | Vendor              | Product                          | Version | Update | Edition | Language |
|-------------|---------------------|----------------------------------|---------|--------|---------|----------|
| Application | <a href="#">ibm</a> | <a href="#">Cloud Pak System</a> | 2.3     | All    | All     | All      |
| Application | <a href="#">ibm</a> | <a href="#">Cloud Pak System</a> | 2.3.0.1 | All    | All     | All      |
| Application | <a href="#">ibm</a> | <a href="#">Cloud Pak System</a> | 2.3     | All    | All     | All      |
| Application | <a href="#">ibm</a> | <a href="#">Cloud Pak System</a> | 2.3.0.1 | All    | All     | All      |
