

# CVE-2021-34428

[MITRE](#)[NVD](#)[CVE.ORG](#)[Print: PDF !\[\]\(e3f8612927870f2e0f9f5989e6dd3064\_img.jpg\)](#)

## Summary

|                        |                                                                                                                             |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------|
| <b>CVE</b>             | CVE-2021-34428                                                                                                              |
| <b>State</b>           | PUBLIC                                                                                                                      |
| <b>Assigner</b>        | security@eclipse.org                                                                                                        |
| <b>Source Priority</b> | CVE Program / NVD first with legacy fallback                                                                                |
| <b>Published</b>       | 2021-06-22 15:15:00 UTC                                                                                                     |
| <b>Updated</b>         | 2023-11-07 03:35:00 UTC                                                                                                     |
| <b>Description</b>     | For Eclipse Jetty versions <= 9.4.40, <= 10.0.2, <= 11.0.2, if an exception is thrown from the SessionListener#sessionDestr |

## Risk And Classification

**Problem Types:** CWE-613

## NVD Known Affected Configurations (CPE 2.3)

| Type             | Vendor  | Product                                        | Version | Update | Edition | Language |
|------------------|---------|------------------------------------------------|---------|--------|---------|----------|
| Operating System | Debian  | Debian Linux                                   | 10.0    | All    | All     | All      |
| Application      | Eclipse | Jetty                                          | All     | All    | All     | All      |
| Application      | Eclipse | Jetty                                          | All     | All    | All     | All      |
| Application      | Eclipse | Jetty                                          | All     | All    | All     | All      |
| Application      | Netapp  | Active Iq Unified Manager                      | -       | All    | All     | All      |
| Application      | Netapp  | Active Iq Unified Manager                      | -       | All    | All     | All      |
