

# CVE-2021-38965

[MITRE](#)[NVD](#)[CVE.ORG](#)[JSON API](#)[Print: PDF](#)

## Summary

|                        |                                                                                                                               |
|------------------------|-------------------------------------------------------------------------------------------------------------------------------|
| <b>CVE</b>             | CVE-2021-38965                                                                                                                |
| <b>State</b>           | PUBLIC                                                                                                                        |
| <b>Assigner</b>        | psirt@us.ibm.com                                                                                                              |
| <b>Source Priority</b> | CVE Program / NVD first with legacy fallback                                                                                  |
| <b>Published</b>       | 2022-01-17 18:15:00 UTC                                                                                                       |
| <b>Updated</b>         | 2022-01-22 03:38:00 UTC                                                                                                       |
| <b>Description</b>     | IBM FileNet Content Manager 5.5.4, 5.5.6, and 5.5.7 could allow a remote authenticated attacker to execute arbitrary commands |

## Risk And Classification

### Problem Types: CWE-78

## NVD Known Affected Configurations (CPE 2.3)

| Type        | Vendor              | Product                                 | Version | Update | Edition | Language |
|-------------|---------------------|-----------------------------------------|---------|--------|---------|----------|
| Application | <a href="#">ibm</a> | <a href="#">Filenet Content Manager</a> | 5.5.4   | All    | All     | All      |
| Application | <a href="#">ibm</a> | <a href="#">Filenet Content Manager</a> | 5.5.6   | All    | All     | All      |
| Application | <a href="#">ibm</a> | <a href="#">Filenet Content Manager</a> | 5.5.7   | All    | All     | All      |
