

# CVE-2021-4243

Published on: Not Yet Published

Last Modified on: 02/23/2023 02:15:00 PM UTC

## CVE-2021-4243

[Source: Mitre](#)[Source: NIST](#)[CVE.ORG](#)[Print: PDF](#)

Certain versions of [Jquery-minicolors](#) from [Jquery-minicolors Project](#) contain the following vulnerability:

**\*\* REJECT \*\* DO NOT USE THIS CANDIDATE NUMBER.** Consult IDs: CVE-2021-32850.  
Reason: This candidate is a duplicate of CVE-2021-32850. Notes: All CVE users should reference CVE-2021-32850 instead of this candidate. All references and descriptions in this candidate have been removed to prevent accidental usage.

CVE-2021-4243 has been assigned by [M](#) cve@mitre.org to track the vulnerability

## CVE References

| Description                                                                                                   | Tags                                                                                                                  | Link                                                                                                       |
