

# CVE-2022-1185

[MITRE](#)[NVD](#)[CVE.ORG](#)[JSON API](#)[Print: PDF](#)

## Summary

|                        |                                                                                                                                            |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------|
| <b>CVE</b>             | CVE-2022-1185                                                                                                                              |
| <b>State</b>           | PUBLIC                                                                                                                                     |
| <b>Assigner</b>        | cve@gitlab.com                                                                                                                             |
| <b>Source Priority</b> | CVE Program / NVD first with legacy fallback                                                                                               |
| <b>Published</b>       | 2022-04-04 20:15:00 UTC                                                                                                                    |
| <b>Updated</b>         | 2023-08-08 14:22:00 UTC                                                                                                                    |
| <b>Description</b>     | A denial of service vulnerability when rendering RDoc files in GitLab CE/EE versions 10 to 14.7.7, 14.8.0 to 14.8.5, and 14.9.0 to 14.9.4. |

## Risk And Classification

**Problem Types:** CWE-787

## NVD Known Affected Configurations (CPE 2.3)

| Type        | Vendor                 | Product                | Version | Update | Edition | Language |
|-------------|------------------------|------------------------|---------|--------|---------|----------|
| Application | <a href="#">Gitlab</a> | <a href="#">Gitlab</a> | All     | All    | All     | All      |
| Application | <a href="#">Gitlab</a> | <a href="#">Gitlab</a> | All     | All    | All     | All      |
