

# CVE-2022-3585

[MITRE](#)[NVD](#)[CVE.ORG](#)[JSON API](#)[Print: PDF](#)

## Summary

|                        |                                                                                                                       |
|------------------------|-----------------------------------------------------------------------------------------------------------------------|
| <b>CVE</b>             | CVE-2022-3585                                                                                                         |
| <b>State</b>           | PUBLIC                                                                                                                |
| <b>Assigner</b>        | cna@vuldb.com                                                                                                         |
| <b>Source Priority</b> | CVE Program / NVD first with legacy fallback                                                                          |
| <b>Published</b>       | 2022-10-18 11:15:00 UTC                                                                                               |
| <b>Updated</b>         | 2023-12-28 16:46:00 UTC                                                                                               |
| <b>Description</b>     | A vulnerability classified as problematic has been found in SourceCodester Simple Cold Storage Management System 1.0. |

## Risk And Classification

**Problem Types:** CWE-352 | NVD-CWE-Other

## NVD Known Affected Configurations (CPE 2.3)

| Type        | Vendor                                                        | Product                                               | Version | Update | Edition |
|-------------|---------------------------------------------------------------|-------------------------------------------------------|---------|--------|---------|
| Application | <a href="#">Oretnom23</a>                                     | <a href="#">Simple Cold Storage Management System</a> | 1.0     | All    | All     |
| Application | <a href="#">Simple Cold Storage Management System Project</a> | <a href="#">Simple Cold Storage Management System</a> | 1.0     | All    | All     |
