

# CVE-2022-39005

[MITRE](#)[NVD](#)[CVE.ORG](#)[JSON API](#)[Print: PDF](#)

## Summary

|                        |                                                                                                                          |
|------------------------|--------------------------------------------------------------------------------------------------------------------------|
| <b>CVE</b>             | CVE-2022-39005                                                                                                           |
| <b>State</b>           | PUBLIC                                                                                                                   |
| <b>Assigner</b>        | psirt@huawei.com                                                                                                         |
| <b>Source Priority</b> | CVE Program / NVD first with legacy fallback                                                                             |
| <b>Published</b>       | 2022-09-16 18:15:00 UTC                                                                                                  |
| <b>Updated</b>         | 2022-09-21 12:47:00 UTC                                                                                                  |
| <b>Description</b>     | The MPTCP module has the memory leak vulnerability. Successful exploitation of this vulnerability can cause memory leak. |

## Risk And Classification

**Problem Types:** CWE-401

## NVD Known Affected Configurations (CPE 2.3)

| Type             | Vendor                 | Product                   | Version | Update | Edition | Language |
|------------------|------------------------|---------------------------|---------|--------|---------|----------|
| Operating System | <a href="#">Huawei</a> | <a href="#">Emui</a>      | 11.0.0  | All    | All     | All      |
| Operating System | <a href="#">Huawei</a> | <a href="#">Emui</a>      | 11.0.1  | All    | All     | All      |
| Operating System | <a href="#">Huawei</a> | <a href="#">Emui</a>      | 12.0.0  | All    | All     | All      |
| Operating System | <a href="#">Huawei</a> | <a href="#">Harmonyos</a> | 2.0     | All    | All     | All      |
| Operating System | <a href="#">Huawei</a> | <a href="#">Harmonyos</a> | 2.1     | All    | All     | All      |
| Operating System | <a href="#">Huawei</a> | <a href="#">Magic Ui</a>  | 4.0.0   | All    | All     | All      |
