

# CVE-2023-30428

[MITRE](#)[NVD](#)[CVE.ORG](#)[JSON API](#)[Print: PDF](#)

## Summary

|                        |                                                                                                                           |
|------------------------|---------------------------------------------------------------------------------------------------------------------------|
| <b>CVE</b>             | CVE-2023-30428                                                                                                            |
| <b>State</b>           | PUBLIC                                                                                                                    |
| <b>Assigner</b>        | security@apache.org                                                                                                       |
| <b>Source Priority</b> | CVE Program / NVD first with legacy fallback                                                                              |
| <b>Published</b>       | 2023-07-12 10:15:00 UTC                                                                                                   |
| <b>Updated</b>         | 2023-07-20 16:41:00 UTC                                                                                                   |
| <b>Description</b>     | Incorrect Authorization vulnerability in Apache Software Foundation Apache Pulsar Broker's Rest Producer allows authentic |

## Risk And Classification

### Problem Types: CWE-863

## NVD Known Affected Configurations (CPE 2.3)

| Type        | Vendor                 | Product                | Version | Update      | Edition | Language |
|-------------|------------------------|------------------------|---------|-------------|---------|----------|
| Application | <a href="#">Apache</a> | <a href="#">Pulsar</a> | All     | All         | All     | All      |
| Application | <a href="#">Apache</a> | <a href="#">Pulsar</a> | 2.11.0  | -           | All     | All      |
| Application | <a href="#">Apache</a> | <a href="#">Pulsar</a> | 2.11.0  | candidate_1 | All     | All      |
| Application | <a href="#">Apache</a> | <a href="#">Pulsar</a> | 2.11.0  | candidate_5 | All     | All      |
| Application | <a href="#">Apache</a> | <a href="#">Pulsar</a> | All     | All         | All     | All      |
